

# Highway 11/17 and Seymour St. Interesection Improvements

---

The City of North Bay has retained J.L. Richards & Associates Ltd. to undertake a Class Environmental Assessment for improvements to the Highway 11/17 & Seymour Street Intersection (see map). In particular, the study identified intersection improvements to accommodate continuous growth and address the need for additional transportation capacity. A number of alternatives were examined as part of the study including increasing the left turn capacity of Highway 11/17 and Seymour Street.

This project has been planned under the Municipal Road Projects Schedule B of the Municipal Class Environmental Assessment. The Project File has been completed and by this Notice is being placed in the public record for review. Subject to comments received as a result of this Notice and following receipt of necessary approvals, the City of North Bay intends to proceed with construction of this project within their infrastructure capital works plan. The estimate of probable construction cost for the preferred option is \$5,000,000.

The Project File is available for review at the following location:

City of North Bay Engineering Department  
6th Floor City Hall  
200 McIntyre Street East
